Product Code: SFA 0099

SARFOOD AIRLINE OIL is a food grade, non-toxic lubricant developed for pneumatic airline systems used on food, drink and pharmaceutical processing and packaging equipment. Also suitable for other compressed air systems where a clean, non-staining product is desired.

APPLICATION

SARFOOD AIRLINE OIL is suitable for all types of pneumatic airline installations. Follow manufacturer's instructions. Where application is made manually, SARFOOD AIRLINE OIL needs to be applied daily and re-applied just before equipment shutdown.

BENEFITS

- Low coefficient of friction provides excellent lubrication and reduces wear
- Clean and non-staining features keep rejects to a minimum
- Protects against air moisture and provides a high degree of internal corrosion protection
- Reduces residue and scum build-up extending maintenance intervals
- Overcomes difficulties associated with vane scorching

TYPICAL PROPERTIES

Appearance:	Clear Fluid
Base Fluid:	Synthetic Oil
Viscosity:	ISO Grade 22
Specific Gravity:	0.85
Operating Temperature Range:	- 20°C to +150°C

HEALTH & SAFETY

This product has been manufactured to the highest standards and when used for the purpose recommended is unlikely to present any significant health hazards. A Material Safety Data Sheet is available.

Indicated data are approximate values and are subject to the usual commercial fluctuations. All information correct at time of going to press to the best of our knowledge. This information may be subject to change without notification due to continual product research and development.
